Scott – I guess I'll open up the STRONGER report and figure out what to focus on in there besides the comment I provided Megan below on **Ex. 5 Deliberative Process (DP)** Megan would like me to join a call on this mid-next week.

**Subject:** RE: Draft STRONGER New Mexico Report

Hi, Cindy,

After you, Rob and I exchanged emails yesterday on the associated gas entry for the IOGCC Book, I was thinking the same thing! Thank you! Let's look for a good spot to highlight it in the report.

Also – Scott and I did speak. Last week. We agreed for you to just spend a reasonable chunk of time going through the report. Whatever you can fit in is very much appreciated.

I'll get a call scheduled for us to regroup for mid next week.

Thanks! Megan

**Subject:** RE: Draft STRONGER New Mexico Report

Awesome. Thanks, Marcia! I really appreciate it.

Cindy: Scott called me and I'll call him back to discuss your participation.

All: I'll schedule a call for us the week of July 15.

Megan E. Garvey

Hi Megan,  
I am happy to provide comments on the draft. I should be able to meet your timeframe, unless something else comes up at which time we can discuss what is realistic. Thanks for including me.

**Subject:** FW: Draft STRONGER New Mexico Report

Good morning, Marcia, Amy, Cindy and Rob:

As I communicated on previous UOG POC calls, I am an "official observer" for the STRONGER State Review of New Mexico's air quality regulations. That means that I attended the STRONGER interviews of NMED and EMNRD in Santa Fe in May and I am responsible for reviewing / commenting on the attached draft report (written by the three-person review panel). The deadline for official observer comments is July 17.

The purpose of this email is to invite you to review the attached draft report and share your comments before July 17.

The attached draft report is 30 pages and must be read within the context of the NM agencies' written interview responses (also attached hereto), NM regulations and the STRONGER Guidelines. I will also have the benefit of my observations from the in-person interview (unfortunately, there are no minutes from that full day of conversation to share with you). In sum – reviewing and sharing your comments will take a good amount of time and energy. I am reaching out to you because I acknowledge and admire your technical expertise and experience with O/G AQ stuff.

Please call or email today or early next week to let me know if you want and have the time/resources to work with me on this. You may also suggest another colleague. If you are willing to help, I ask that you review the report, share red-lined edits and comments on the draft report (on the UOG POC SharePoint site) and join a July 15 or 16 call with me and other EPA reviewers to discuss comments.

Thanks so much for your consideration, Megan

**Subject:** Draft STRONGER New Mexico Report

Hi All,

We are a few days ahead of schedule, big thanks to the Review Team for all of their hard work. Attached for your review and comments is the draft New Mexico report. Please keep this draft report confidential. It's fine to work with a colleague within your organization who has specific experience relevant to the material and who can assist you in developing comments, but this report is not for distribution. Please make your comments in the tracked changes of the doc. Because we are ahead of schedule, you'll have a little more time to review. I've pushed the deadline to submit comments back from July 12 to July 17, just email me your marked-up doc.

Thank you and have a great weekend,

Ryan Steadley  
Executive Director  
STRONGER  
Ex. 6 Personal Privacy (PP)
